

THE AIFMD RULES and GUIDANCE, 2021

The AIFMD Rules, made in accordance with the Protection of Investors (Bailiwick of Guernsey) Law, 2020 (“the Law”), are set out in this document.

Further guidance, provided by the Guernsey Financial Services Commission (“the Commission”), can be found in blue boxes.

This draft version has been annotated to demonstrate the alterations, which have been made, to the previous version of these Rules.

Annotations, including previous rule numbering where appropriate, are set out in red and will be removed in the final, published, versions.

Earlier Rules combined Rules and Guidance in a way which, in some cases, made it difficult to distinguish between the two. In the re-issued versions the numbering, and the placement of relevant guidance, follows a standard format – providing harmony across the Commission’s rulebook.

Language has been modernised and, in some cases, a provision has been completely redrafted, in plain English, to make the Rules user friendly. Where a Rule has been redrafted, in this way, it is marked ‘REDRAFTED’.

These Rules have also been drafted to ensure gender neutrality.

A table of contents will be included, at this point in the final version.

PART 1 INTRODUCTION

Following standardisation, historic background information has now been removed from the beginning of the Rules.

Changes have been made to reflect the position of the EU and the UK following the UK's exit from the European Union.

Definitions and standard provisions, e.g. Citation and Commencement, become the final 'Part'.

1.1 Application [1 & 2] REDRAFTED

- (1) The AIFMD Rules 2021 replace The AIFMD Rules, 2013¹.
- (2) These Rules apply to – [2]
 - (a) all Guernsey AIFMs in respect of those AIFs which they manage and propose to market to professional or retail investors in one or more Member States where they opt to comply with the requirements of these Rules;
 - (b) all Guernsey depositaries of AIFs where they opt to comply with the requirements of these Rules; and
 - (c) all Non-Financial Asset AIF Depositaries where they opt to comply with the requirements of these Rules as are applicable.
- (3) Guernsey AIFMs which have opted to comply with these Rules must continue to comply with both them and The AIFMD (Marketing) Rules, 2021. Where there is any inconsistency between these Rules and any other rules to which the licensee is subject to, these Rules take precedence in the case of AIFs.

¹ G.S.I. No. 70 of 2013.

- (4) The Commission may in its absolute discretion, by written notice, exclude or modify the application of any provision of these rules.
- (5) The Commission may issue supplementary guidance regarding the standards of conduct and practice expected in relation to any aspect of the regulatory framework. Such guidance will not constitute rules of the Commission.

Guidance Note: This document take a two-level approach –

- the Rules set out the standards to be met; and
- guidance notes present suggested ways of showing compliance with the Rules.

Licensees may adopt alternative measures to those set out in the guidance so long as it is possible to demonstrate that such measures achieve compliance.

The text contained in shaded boxes contains guidance from the Commission and does not form part of the Rules.

PART 15 ARTICLES 19 AND 21

15.1 Depositary [17.1]

- (1) For each AIF it manages, the AIFM must ensure that a single depositary is appointed in accordance with these Rules.

- (3) The depositary must be established in one of the following locations –
 - (a) in respect of authorised or registered open-ended Guernsey AIFs, in the Bailiwick; or

- (3) For certain types of closed-ended AIFs, such as private equity or venture capital funds and real estate funds, a wider range of entities than those specified in this rule, such as administrators, may be able to perform the relevant depositary functions. The Commission requires such entities to obtain a licence under section 4 of the Law to carry out the restricted activity of custody in relation to category 1 and 2 controlled investments and be subject to these Rules in order to demonstrate that they can meet the commitments inherent in those functions, but imposes a lower level of capital requirements in the recognition of the different nature of the duties implied by the characteristics of the AIF, especially in relation to the custody risk.
