30 October 2012 PBs	Instruction (Number 15)	PBs were to exercise a greater degree of caution when taking on business from the countries or territories specified in this Instruction. Additionally, PBs were to ensure enhanced due diligence measures were undertaken and special attention given to all existing and new business relationships and transactions connected with such countries or territories. In light of the particular concerns of the FATF regarding Iran and the Democratic People's Republic of Korea ("DPRK"), PBs were to, in addition to the requirements of the above paragraph, take appropriate measures to ensure that correspondent relationships were not being used to bypass or evade counter-measures and risk mitigation practices. The action taken by each PB under this Instruction would be reviewed during on-site inspections and by other means as necessary. Instruction (Number 15) lists concerns in relation to Iran, <u>Afghanistan</u>, <u>Albania</u>, Algeria,
