

PROSPECTUS RULES 2008

THE GUERNSEY FINANCIAL SERVICES COMMISSION

PROSPECTUS RULES 2008

GUIDANCE NOTES

These Guidance Notes are intended to aid the understanding of the Commission's policy and practice and should be read in conjunction with the Prospectus Rules. In respect of registered open-ended collective investment schemes and registered closed-ended collective investment schemes, the Prospectus Rules should be read in conjunction with the Registered Collective Investment Scheme Rules 2008.

The Prospectus Rules seek to provide a clear and concise set of requirements for the disclosure of information in respect of prospectuses for registered open-ended collective investment schemes, registered closed-ended collective investment schemes and offers to the public for any Category 2 controlled investment in the Bailiwick. The disclosure of current and reliable information is necessary for investors to make informed investment decisions. These disclosures may be in addition to those required by any relevant listing authority.

If a "Red Herring" prospectus is to be circulated in advance of the final offer document, the Commission does not expect the Prospectus Rules to be complied with, provided that appropriate disclaimers are included in the "Red Herring".

For the purposes of the Prospectus Rules, the Commission would look through any nominee arrangement to the underlying investors in order to determine whether the offer had been promoted to more than 50 persons.

As with all other types of investment business, the Commission is always prepared to meet managers, potential promoters or their professional advisers in order to discuss matters of policy and practice regarding the disclosure requirements as set out in these rules.

Enquiries should be directed to the Investment Business Division of the Commission.
