Guidance Note

The Commission considers that this rule would not require an exchange to notify the Commission of circumstances where, under rules of the exchange, dealings in a particular type of investment are temporarily suspended because a prescribed trading limit has been reached. The rule would require the notification of the introduction of dealings in a new category of investment but would not require the notification of dealing in securities of a particular company.

19 Suspension and expulsion from membership, and resignations

- (1) Where an exchange suspends or expels a member, it shall notify the Commission of its action, stating the reasons.
- (2) The notice under paragraph (1) shall state the date on which the suspension or expulsion took effect and, in the case of a suspension, its duration.
- (3) The notice required under paragraph (1) shall also specify any other action taken by the exchange in relation to that member.
- (4) Where a person appeals against any action proposed under paragraph (1) above, the exchange shall notify the Commission of that fact and, subsequently, the findings of the appeal.
- (5) Where a person resigns from membership, an exchange shall notify the Commission specifying the name, address, category of membership and the effective date of resignation.

21 Disciplinary action

- (1) An exchange shall notify the Commission where it has taken any disciplinary action against a member or an employee of any member, stating the name of the person concerned, details of the action taken and the reasons for the disciplinary action.
- (2) Notification need not be made to the Commission under paragraph (1) unless the disciplinary action is relevant and material to the carrying on of controlled investment business.

- (3) Where an appeal is lodged against the action referred to in paragraph (1), an exchange shall notify the Commission of that fact and the subsequent outcome of the appeal.

22 Offences

- (1) An exchange shall notify the Commission if it becomes aware that any person:
